

## A GUIDE TO WOODY'S CAFÉ

---

We offer lunch Monday through Thursday in Woody's Café.  
Food sales are held most Fridays from 8:30-10:30 and may include baked goods, salads, meals for one, etc.  
Our serving times are 11:30 a.m.-12:45 p.m.

### **Eating in Woody's**

We offer lunch to staff and visitors and the meals can be purchased ala carte or as a whole meal. A whole meal, which includes one entrée and one serving each of any offered sides, salad, potato bar, dessert, beverage (you may get refills of anything except the entrée as long as you eat it **on premises in Woody's Cafe**), costs \$3.00. Ala carte items are various prices.

Meals are available to eat in Woody's Café, using our flatware, plates, bowls, etc. If you are eating in Woody's Café, you are expected to NOT use Styrofoam or any of our disposable items. Eating in Woody's Café should be treated just like eating at Wood Grill or any other buffet restaurant...you take only what you can eat on premises, because you're not allowed to take it "to go". If you want to package items to take with you after lunch, you will be charged extra for that item.

### **Take Out**

Any of our lunch items may be purchased, as a meal or ala carte, for takeout using disposable containers. These disposable containers are costly and therefore we expect that you only use them if you are truly leaving Woody's to eat your meal.

### **Payment**

Cash is not accepted at Woody's Café—meal tickets are available for purchase in the Vocational Training Office.

### **Special Luncheons**

When groups meet here at the center and require lunch, we highly encourage you to reserve the Woody's private dining area. We cannot deliver food across campus as it causes too much disruption in the training day and does not provide any meaningful training to our students. You may still pick up an order.

We sincerely appreciate your patronage. If you have any questions or suggestions, please feel free to speak to any one of us!
